

Dear Alvin,

Attached please find my mourning words to the Great Son of Africa. I had already put the same of face book and I HOPE it can still serve the purpose> The tribute is accompanied with a photo of the late and me.

"The Great Prof. Joseph Hanson Kwabena Nketia whose life and experiences form One Big Study of the Music Traditions of Africa. You Lived and Spoke for Us We sons and daughters of this Great Continent! Africa will remember you for a long time to come. The moments we shared cannot be easily erased. Rest in Peace among our ancestors!" — 😞 feeling sad.

Your brother in Sadness.
